

NOTES FROM ECHO

AUTO BROKE DOWN, FIDDLER WAS LATE.

Joseph Cunha Meets With a Serious Accident While Hauling Wood—New Light in Postoffice, New Cash Register in the Store—A. L. Craig and F. B. Holbrook Look Over the Irrigation Prospects of the Arid Belt of Umatilla County.

Echo, Nov. 29.—John Dorn has just installed in the postoffice, a new gas light.

Jessie White, daughter of W. C. White of Foster, has returned home. Miss White has been away a couple of years.

Charles H. Bartholomew, his wife and children, came up from their Valley home, near Portland, on the Saturday evening train. They are visiting on Butler creek with O. F. Thomson, Mrs. Bartholomew's father.

J. B. Saylor is happy to have with him his father from Pennsylvania. Mr. Saylor spent the winter here with his son two years ago, but returned to Pennsylvania, intending to remain there. However, he says that this country appeals to him, and for the present he is going to consider Oregon his home.

The masquerade ball on Thanksgiving evening came very near not being a ball at all. Mr. McMinn, the violinist, had started from Pendleton late in the afternoon in an automobile. The auto didn't. That is, it broke down four times, the last time about two miles east of Echo. Mr. McMinn had to walk in the rest of the way, and did not get tuned up till about 11 o'clock. There was a very large attendance, many strangers coming here from Umatilla, in fancy costumes.

Charles H. Miller has placed in his store, one of the latest and best of the cash registers made by the National Cash Register Co. of Dayton, O.

Miss Francella Duncan, one of Pendleton's public school teachers, was in Echo over Sunday. She was the guest of Mrs. Frank Spike. Miss Duncan taught school at Echo for three or four successive years.

H. S. Williams, of the U. S. government geological survey, spent Sunday in Echo.

Mrs. Robert Lewis is visiting at Pendleton with her mother, Mrs. F. W. Hendley.

Rev. S. M. Matthes and William Wattenberger passed through Echo Monday on their way to Pendleton. While there they are to be the guests of Rev. J. T. Hoskins.

A new restaurant has been opened in the building formerly occupied by Cloyd Oliver as a saloon. Messrs. Richard Croft and Robert Williams are the proprietors.

Joseph Cunha met with a serious accident Monday, while working on his ranch near Echo. It seems that he was at work at his wood pile, gathering a load of wood on his wagon, when he fell backwards, and was rendered unconscious. He lay in that condition for about 15 minutes, when he regained consciousness and came to the house. Dr. Ackley was called and it was found that he was severely bruised, and one of the small bones of the wrist was broken.

A. L. Craig, of the O. R. & N. Co., accompanied by F. B. Holbrook, of Irrigon, were in Echo on Monday, having driven from Maxwell. Mr. Holbrook was showing Mr. Craig the country tributary to Echo, incidentally the advantages to be derived from the irrigation ditch.

Echo of Anthracite Strike.

New York, Nov. 30.—Senator Thos. C. Platt gave evidence before a referee today in the case of A. D. Wales of Binghamton, against President John Mitchell of the United Mineworkers, to obtain \$200,000 for furnishing a plan for settling the anthracite strike two years ago. The case came up for trial at Binghamton some time ago, but was postponed because Senator Platt, J. Pierpont Morgan and other prominent men subpoenaed as witnesses failed to put in an appearance. It is expected that the case will be tried at Binghamton in January.

A Frightened Horse.

Running like mad down the street, dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable salve handy and there's none as good as Bucklen's Arnica Salve. Burns, cuts, sores, eczema and piles disappear quickly under its soothing effect. 25c at Tallman & Co.'s drug store.

For Diaz Inauguration.

City of Mexico, Nov. 30.—The capital has assumed gala attire in anticipation of the inauguration tomorrow of President Diaz and Vice President Ramon Corral. The intention is to make the inauguration notable in the history of the republic. A great national holiday has been proclaimed, the ceremonies will be far more elaborate than have ever been seen thus far on the induction of a president into office, and the celebration will last for three or four days.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost sense of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Drugists sell it for 50 cents. Ely Brothers, 45 Warren street, New York, will mail it.

For Rent.

Four acres good garden and orchard, all under irrigation, at Echo, Or. Address J. H. Koontz, Echo, Or.

READY FOR CONGRESS.

Capitol Building Undergoing Much Overhauling.

Washington, D. C., Nov. 30.—The national capitol is being put in readiness for the assembling of congress next week. During the last few months the big building has been cleaned from basement to dome and a number of improvements have been made.

A large archway has been cut in the wall which formerly completely divided the two dining rooms of the house restaurant. A steam table has been installed, and it is announced that a less elaborate menu, but more satisfactory one, will be served to hungry statesmen, beginning at 12 o'clock each day after the session convenes.

For the first time in a quarter of a century the base of the dome has been scraped and painted and a number of leaks stopped. The committee rooms have been redecorated, new carpets laid, and new mahogany furniture installed, and the old furnishings of both house and senate have given way to new.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Tallman & Co., druggists. Price 50c and \$1.00. Trial bottles free."

Championship Cat Show.

Cleveland, O., Nov. 30.—The first annual championship cat show of the Cleveland Cat Club, opened auspiciously today. About 150 cats, including Manx, Siamese, Persian, Angora and the ordinary short-haired variety are on exhibition, representing a value of nearly \$25,000 in feline loveliness and beauty. A large number of exhibits come from Chicago, Pittsburg, Detroit, Washington and other cities. Judging began today and will continue until the close of the show next Saturday. Fourteen silver cups will be awarded to the winners.

SAFELY THROUGH MOTHERHOOD WITHOUT PAIN.

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her Motherhood. Perhaps for her it is the first time God has blessed her; with what awe and mystery and fear she contemplates the coming event which even now is casting its shadow before in the way of many painful discomforts! The hope held out in these words simply means that childbirth has been turned into an event of thanksgiving and joy, stripped of its agonies and dangers because of the learned skill of man.

MOTHER'S FRIEND

In the name of the remedy which means so much to the expectant mother; she can apply it herself and feel an improvement at once which but foretells the pain and suffering which it saves when childbirth takes place. The testimony of Mothers who have used it successfully will convince you; their words of praise are found in our book, "Motherhood." Send for it.
